The effects of the December 2004 tsunami still grip Indonesia. You can help provide relief on an individual, person-to-person level through WorldCraftsSM.

The Doors of Aceh pins doubly support regional artisans. In addition to supporting the local artisan and his or her family, a dollar from each pin purchase goes to the WMU[®] HEART Fund (Humanitarian Emergency Aid for Rebuilding Tomorrow), enabling us to continue to rebuild lives throughout the area.

Handcrafted using an ornate stitching pattern, these unique purses and bags depict the ancient and revered Doors of Aceh.
