

PROJECT HELP:

HUMAN EXPLOITATION

Through Project HELPSM: Human Exploitation, the church is called to preserve and promote dignity for people, creations of God. Each person can come to know God as the Creator, whether a victim or a victimizer of other persons. Hope is found in Jesus Christ, and His church can offer a place of refuge.

Quest for Freedom and *Trafficked!* are great resources for students to learn about human exploitation and take action.

To order, visit www.wmustore.com or call 1-800-968-7301.

“Therefore, since we are surrounded by such a great cloud of witnesses, let us throw off everything that hinders and the sin that so easily entangles. And let us run with perseverance the race marked out for us, fixing our eyes on Jesus, the pioneer and perfecter of faith. For the joy set before him he endured the cross, scorning its shame, and sat down at the right hand of the throne of God.”—Hebrews 12:1–2

To order, visit www.wmustore.com or call 1-800-968-7301.

Quest for Freedom

An Exploration of Project HELP: Human Exploitation

A new MissionsQuestTM written to accompany the WMU[®] emphasis Unhindered! This special quest can be used by any student, girl or guy, who wants to dig deeper and learn more about how to live an unhindered life through Christ. Acteens[®] may use this as an extra quest within the MissionsQuest plan or exchange this quest for another one. The information on the CD can be reproduced for any number of participants. Since this quest is written for girls and guys, consider inviting Challengers in your church to participate as well.

Trafficked!

An Experience in Choices and Consequences

An interactive simulation experience based on the WMU social issue Project HELP: Human Exploitation. Students will explore the issue of human trafficking through the eyes of young women facing difficult choices that sometimes result in unthinkable consequences. This CD includes instructions, layout, graphic elements, debriefing tips, and resource bibliography. Similar to the poverty simulation CD (*Making It in the Real World*), this simulation will be premiered at Blume 2011 in Orlando.
